Cue Ball

In hand

Object Balls

'A' ball on the diamond intersection line as diagrammed. 'B' ball hanging near pocket 'E'.

Objective

Shoot the cue ball into 'A' ball, causing it to bank towards pocket 'E'. The cue ball will draw back and make 'B' ball. 'A' ball will then go into pocket 'E'.

Special Notes

The cue ball must make 'B' ball. Table judge decision is final. It is okay if the 'A' ball contacts the cue ball. The cue ball may scratch in pocket 'E' (or any pocket).
